Detailed Action

1. The response to the Requirement for Restriction mailed April 23, 2007 is non-responsive because Applicant did not explicitly elect an invention. Applicant argues that an election was made from the first Requirement for Restriction mailed February 12, 2007. However, the amendment filed on February 12, 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Cancellation of all claims germane to the first Restriction rendered said election moot, and the entered new claims necessarily precipitated the second Requirement for Restriction.

Applicant is advised that the reply to the requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
